

# Machine Tool Service Engineer - Maintenance Engineer - Engineering Fitter

---

## Job description

### Machine Tool Engineer

Rondean Ltd is a leading North East based machine tool sales company. Established in 1984 we're currently looking to recruit experienced Machine Tool Engineers to service and repair a wide range of machinery both on our premises as well as on-site at our clients premises based *mainly* in the North East.

You must have the ability & experience to fault-find, dismantle, rebuild then re-assemble a wide range of machine-tools to high standards.

### Minimum Job requirements for this post are:

- Electrical
- Mechanical
- Hydraulic
- Good all round communication skills
- A car driver's licence is necessary

Hours: 40 hours 8-4:30 Monday-Friday

Typical machines:

**Engineering:** Lathes, Milling, Surface-grinding & Sawing.

**Metal fabrication:** Guillotines, Radial & pillar drills, Hydraulic Press-brakes, Guillotines, Bending rolls & **Woodworking.**

You will provide our customers with cost-effective service-solutions as well as exploring and offering alternative machining solutions to achieve better faster more efficient replacement machinery to improve their productivity..

### What are we asking of you?

- Ideally you have a HND or HNC certificate or similar, *however we value **experience over qualifications**.*
- You have at least three years of experience in this or a similar role.
- You are determined to offer the best possible services to our customers.
- You have a current driver's license.
- You are flexible and adaptable to changing circumstances, resistant to stress, proactive and have a helpful friendly disposition.
- You are adept at being solution (rather than problem) orientated.

### What can we offer you?

Very good terms and conditions.

A highly competitive salary.

The availability of a service vehicle, company phone & well-equipped tool kit.

A trial period of 3-6 months.

Upon the success of the trial period, a permanent position will be offered.

Position available immediately.

Exciting opportunity to work in a fast growing & ever-changing environment.

An excellent promotion opportunity

**Please Note:** *Respectfully we are not looking for plant fitters, general service or production/maintenance personnel, or machine operators unless you also have the relevant outlined skills. .*

Salary: £32,000.00 to £35,000.00 per year depending on experience skills & ability.

Job Types: Full-time, Permanent
